# L2 PROJECT

Level 2 of the Casino will be closed  
from 2nd January 2012

**Pardon our dust...**

Our major \$2.5 million renovation will include these exciting improvements & additions;

- The largest indoor LED screen in Queensland, complimented by luxury cinema style seating.
- Numerous other screens which will allow us to show a wide range of sporting events
- The TAB and Keno desk will be presented as the best in Cairns with dedicated comfortable seating along with a wall of screens for all TAB events and your favourite Keno numbers
- A state of the art sound system which will allow zoning in different parts of the Sports Arena to enhance viewer enjoyment by reducing sound cross over.
- New bar facilities which will improve service times and efficiency with the bar open for full Casino bar hours.

**We look forward to welcoming you to our new  
Casino Sports Arena in mid year.**
