

HOW TO PLAY

Multigame

Vegas Star Multigame allows a player to join different games from one terminal.

Each game screen has a different colour border that matches the results colour border to help identify the game that is currently selected.

1. FIRST, BUY IN

To play, place cash into the note validator to obtain credits. The equivalent value will be added to the credit meter. Alternatively, you may transfer credits by inserting your Reef Club Card or Card Play Visitor Card.

HOW TO PLAY

4. PLAY THE GAME

The clock will countdown while you place your bets. Bets are locked in place when the clock hits zero. Once the game is complete, all winners are paid and a new game will open.

5. CHANGING GAMES

Changing games can only occur when there are no bets placed on any game or the previous game has finished. To change between games, select a game window. Game windows are located on the left or right side of the main game screen.

6. COLLECTING

To collect your winnings or remaining credits at any time, press the Collect button. Before you leave the machine, wait for credits to transfer to your card, or wait at the machine for an attendant.

7. BUTTONS
